To Whom It May Concern:

This letter is to acknowledge Oscar Castaneda has completed 95 hours of work to fulfill his internship with Akemi North America as a Jr. Graphic Designer. Oscar's responsibilities included creating advertisements, technical data sheets, photo retouching, photographing products to be placed in advertisements, as well as, heavy typography work. Oscar's technical skill level is only surpassed by his outstanding design skills. Before the beginning of each project Oscar always thought through each step by producing sketches and planning a step by step process. Oscar had no trouble joining our team environment and worked well with the other staff. Oscar was a great asset during his time with our company and I'm more than positive he'll be an even greater asset for whomever he works for in the future.
