To Whom It May Concern:

Pro Image Studios is a multimedia company with a 10-year history and a creative team that boasts 23 National EMMY award winners. We have the largest sound studios on Long Island and work on location throughout the world. We produce television projects, training videos, music videos, concerts and conventions.

Oscar has been an important part of our team since October 2000 and has most recently been involved in the following projects:-

CD-ROM, Broadband & HTML website. Design of new logo for Pro Image Studios.

CD-ROM interactive business plan & design of logo & business cards.

Business card CD-ROM for Suffolk County Department of Economic Development.

Oscar is an asset to Pro Image Studios and with more experience has the potential to become an excellent team leader.
